**sapnap:** not by a long shot

**dream:** fair enough

---

Skeppy snorted out a breathy laugh and set his phone down on the bedside cabinet. He snuggled up closer to Bad, who sat beside him with an arm wrapped around his shoulders.

Somehow they still didn't understand.

"You can go if you don't wanna hang out with Sapnap and Dream," Skeppy mumbled, yawning as he slumped further into Bad's sweater.

"It's fine," Bad responded quietly, brushing a few strands away from Skeppy's face. "You're gonna be here, so it's fine."

Skeppy felt his cheeks begin to burn.

---

*3:07pm*

**sapnap:** im almost there btw

**dream:** ur late lol

**sapnap:** let me in before it starts raining or some dumb shit

**badboyhalo:** language >:(

---

It was Skeppy who tossed his phone to the side once more as he hopped up and unlocked the front door for Sapnap. Dream was loitering in the front room, gazing at all the random photos and knickknacks Skeppy had sitting around. Most of them had no rhyme or reason, he just liked how they looked or it was from some but he and his friends had done.

He didn't throw them away though.

"Hey," he stated plainly as Sapnap walked through the door.

"Hey."

"Why's it so fu—"

Bad narrowed his eyes.

Sapnap coughed. "Uh, why's it so cold in here?"

"Turned the AC on earlier. It was getting too hot."

"Oh."

Dream snickered under his breath for a moment and got three annoyed glances his direction. Still, he laughed.

---

8:56pm

**dream:** can u guess? lol

**sapnap:** lmao yeah

**punz:** is everyone here dating someone or what??

Wilbur didn't exactly want to be heading through the lunch hour traffic, but it was for Tommy so he would do it. It was painfully slow, pushing and letting go of the brake pedal every few minutes (sometimes even seconds), but it was for Tommy.

He loved Tommy, so he would do it.

By the time he had finally gotten situated in the school parking lot and made a call to meet the boy at the front entrance, it was already 2 o'clock. Not too bad for rush hour, but tiring nonetheless.

"Wilbur," Tommy said simply as the teacher let him through the doors.

"Tommy," Wilbur regarded in return.

Silence fell as they crammed back into Wilbur's tiny car, aside from a few mumbles and grunts on Tommy's behalf.

He only decided to speak up again when the car swayed forward and then back, indicating it had come to a complete stop in front of the ice cream shop.

”Rocky road?”

Wilbur smiled. “Of course, Big Man.”

**technoblade:** im gonna start banging on shit if you dont

**spifey:** WTF

**spifey:** FINE

---

Spifey groaned loudly as he shoved his phone in his back pocket. Of all people, why did Technoblade decide to bother *him*?

He stepped over by the window again, carefully pulling away the drapes to peek out; he almost had a heart attack when met with Techno's stupid pig-head that he made a big deal of to only wear in public or at night. Spifey honestly didn't know if it was real or if the man simply got a kick out of scaring the shit out of people with it. Either way, he was more than slightly concerned.

Grimacing, Spifey unlocked the front door and held open the other screen door in front. "Get in, asshole," he called, semi-quietly since it was in the middle of the fucking night.

"Many thanks," Technoblade said, slipping past Spifey into the warm house. A nice change from the crisp night air.

"Why are you here?"

"What happened to 'hello' and 'how are you'?"

"Ugh." Spifey shook his head, already feeling the beginning of a headache creeping into his skull. Meanwhile, Technoblade had started to rummage through different cabinets and drawers, luckily only causing a moderate mess for Spifey to clean up later.

After a few more minutes, a quiet grunt of surprise came from Techno's end and Spifey shifted against the doorframe.

"Found it."

"...A delivery menu?"

"I couldn't remember the name of the pizza place." Techno grinned. "Knew you had one, though."

"I fucking...hate you."

"Thanks."

**tommyinnit:** ERET

**eret:** yes?

**tommyinnit:** POG

**eret:** alright then

---

Sighing, Eret clicked off his phone and tapped a finger against the side of his face; if they were on their way, there was no need to keep track of the group chat anymore. They had their own problems to deal with and he was only waiting for Tubbo's private chat anyway. Not that Tommy or Finn would tell him anything—Tubbo was a good kid. Always was, always would be.

Though it did pique his interest that they hadn't heard from Schlatt, Quackity, Fundy, Punz, or Zelk. Zelk was probably just dealing with everyone like Bad was and it was safe to assume that Schlatt and Quackity were doing their own thing (would they even show up at all?), but Punz and Fundy were outliers.

Especially Fundy.

---

*11:56am*

[**eret** added **wilbursoot** to a private chat]

**eret:** is fundy with u guys?

**eret:** assuming you havent died yet

**wilbursoot:** HES STILL CHASIGN US

**wilbursoot:** SO BYE

**eret:** sure, bye

## OMFHS HEBS THROWING UPP

1:22pm

**jschlatt:** jesus could u guys have taken any longer?

**jschlatt:** get out and look up

---

A strange message, though not unsurprising coming from Schlatt. Philza pulled the keys out of the ignition and let Tommy and Tubbo scramble out of the back seat like wild animals while Eret followed shortly after (of course he was stuck between them since Finn had hogged the passengers' seat all to himself). Dream, George, Sapnap, and Karl all squeezed out of the furthest seats in the back, already bickering with each other the second they stepped out onto the parking lot pavement.

Squinting through the thick rows of apple trees, Eret could make out the subtle figures of people standing in the distance.

So that's where they've been?

"Sounds like Big Man Schlatt is already here," Tommy said loudly, staring down at his phone screen.

"So that's it," Eret muttered. "He's probably got everyone who wasn't active in the chat. I bet he kidnapped Fundy. There's no way he'd go with Schlatt willingly."

"Would anyone?" Dream chimed in and wheezed when George knocked him hard in the shoulder.

They moved closer until Schlatt, Quackity, and Punz (surprisingly) were no longer blurry black figures on the horizon. Fundy was the only one they hadn't been able to see from afar, slumped to the ground pitifully as Quackity held him up by the collar of his shirt.

"Did you...?" Tommy asked tentatively, pointing a finger towards the poor guy. Poor furry.

"Yes and no," Quackity replied through silent giggles. "Heat stroke or something. He can't stand on his own."

"I think you're choking him," Tubbo noted, leaning against Tommy's shoulder.

Quackity shrugged. "He'll be fine."

**spifey:** SOBBING

**dream:** ill let them know itll be a while,

---

Dream sighed heavily, enough to earn a few concerned looks his way before he explained everything to those who weren't keeping up with the group chat; he couldn't blame them for not wanting to. It was complete chaos.

"So only Ant and Velv aren't showing up then?" Eret asked with a tilt of his head.

Dream nodded.

They began to break into little groups amongst each other (as they did), until Phil suddenly spoke up again, loud enough for them all to hear. "Wait, what happened to Wilbur, Niki, and Techno?"

---

Niki placed a gentle hand against the back of Wilbur's thigh, lifting his leg the slightest bit as she pressed a cotton ball to his kneecap. "Inhale," she instructed, pulling out a bandaid to cover the scrape wound. Of course he would be stupid enough to get hurt not by Technoblade himself, but instead falling against the pavement.

"Thanks," Wilbur muttered shamefully after sucking in a breath. "We should hurry up, though."

"Yeah." Niki nodded and smiled. "All better?"

"All better."

---

2:03pm

**nihachu:** on our way!! :D

## Chapter Notes

See the end of the chapter for [notes](#)

And finally, everyone had arrived. Chaotic, destructive, but arrived.

Philza took it upon himself to properly split everyone up into their respective groups, lingering behind with his own to make sure everyone would be off alright. Which was, frankly, quite a fatherly thing to do.

“Wilbur and Niki, I want you to chaperone Tommy and Tubbo. Don’t make me regret putting you in charge of them. Niki, keep Wilbur out of trouble too,” he added.

Wilbur feigned offense and Niki nodded in return; the other groups had Schlatt, Quackity, Fundy, and Mega (there was hope for a break from any of his other friends’ shenanigans, but with Schlatt and Quackity together it was looking bleak), Dream, George, and Sapnap, Bad, Skeppy, Vurb, and Zelk, Spifey, Tapl, Eret, and Finn, and finally Punz, Karl, and Phil.

Sapnap moaned and groaned about being separated from Karl while having to third-wheel Dream and George, but Phil dismissed him with a simple “sorry about that.”

Then, they were off to pick apples!

---

2:24pm

**sapnap:** this is stupid
